MANAGEMENT INFORMATION CIRCULAR

**For the 2018 Annual General Meeting to be held on June 28, 2018
(information is as at May 18, 2018, except as indicated)**

GENERAL PROXY INFORMATION AND CIRCULAR DISCLOSURE

Persons Making the Solicitation

This Information Circular is being furnished in connection with the solicitation of proxies by the management of Cardero Resource Corp. (the “Company”) for use at the annual general meeting (the “Meeting”) of the holders of common shares in the capital of the Company (the “Shareholders”) to be held in the Main Boardroom of the offices of the Company at Suite 2300 – 1177 West Hastings Street, Vancouver, British Columbia, Canada on June 28, 2018, at 9 a.m. (Vancouver time) for the purposes set forth in the accompanying Notice of Meeting. While it is expected that the solicitation of proxies will be primarily by mail, proxies may be solicited personally or by telephone by the regular employees of the Company at nominal cost. The Company may reimburse Shareholders’ nominees or agents (including brokers holding shares on behalf of clients) for the cost incurred in obtaining authorization from their principals to execute proxies. All costs of solicitation will be borne by the Company. None of the directors of the Company have advised that they intend to oppose any action intended to be taken by management as set forth in this Information Circular.

Appointment and Revocation of Proxies

The individuals named in the accompanying form of proxy (the “Proxy”) are directors or officers of the Company. **A SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO ATTEND AND ACT FOR THE SHAREHOLDER AND ON THE SHAREHOLDER’S BEHALF AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY INSERTING SUCH PERSON’S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY AND STRIKING OUT THE TWO PRINTED NAMES, OR BY COMPLETING ANOTHER FORM OF PROXY.** A Proxy will not be valid unless the completed, dated and signed Proxy is received by Computershare Trust Company of Canada, Proxy Department, at 8th Floor, 100 University Avenue, Toronto, Ontario, Canada, M5J 2Y1 by 9:00 a.m. (Toronto time) on June 26, 2018 or if the Meeting is adjourned or postponed, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the date to which the Meeting is adjourned or postponed. Telephone voting can be completed at 1-866-732-8683, voting by fax can be sent to 1-866-249-7775 or 416-263-9524 and Internet voting can be completed at www.investorvote.com.

Late proxies may be accepted or rejected by the Chairman of the Meeting at his discretion and the Chairman of the Meeting is under no obligation to accept or reject any particular late proxy. The Chairman of the Meeting may waive or extend the proxy cut-off without notice.

A Shareholder who has given a Proxy may revoke it by an instrument in writing executed by the Shareholder or by the Shareholder’s attorney authorized in writing or, if the Shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered either to the registered office of the Company, at 2080 – 777 Hornby Street, Vancouver, British Columbia, V6Z 1S4, at any time up to and including the last business day preceding the day of the Meeting or any adjournment of it or to the

Chairman of the Meeting on the day of the Meeting or any adjournment of it. A revocation of a Proxy does not affect any matter on which a vote has been taken prior to the revocation.

If you are a non-registered Shareholder, please follow the instructions from your bank, broker or other financial intermediary for instructions on how to revoke your voting instructions.

Exercise of Discretion

If the instructions in a Proxy are certain, the shares represented thereby will be voted on any poll by the persons named in the Proxy and, where a choice with respect to any matter to be acted upon has been specified in the Proxy, the shares represented thereby will, on a poll, be voted or withheld from voting in accordance with the specifications so made. **If you do not provide instructions in your Proxy, the persons named in the enclosed Proxy will vote your shares FOR the matters to be acted on at the Meeting.**

The persons named in the enclosed Proxy will have discretionary authority with respect to any amendments or variations of these matters or any other matters properly brought before the Meeting or any adjournment or postponement thereof, in each instance, to the extent permitted by law, whether or not the amendment or other item of business that comes before the Meeting is routine or contested. The persons named in the enclosed Proxy will vote on such matters in accordance with their best judgment. At the time of the printing of this Information Circular, the management of the Company knows of no such amendment, variation or other matter which may be presented to the Meeting.

Advice to Non-Registered (Beneficial) Shareholders

The information set out in this section is important to many Shareholders as a substantial number of Shareholders do not hold their shares in their own name.

Only registered Shareholders or duly appointed proxyholders for registered Shareholders are permitted to vote at the Meeting. Most of the Shareholders of the Company are “non-registered” Shareholders because the shares they own are not registered in their names, but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares.

More particularly, a person is not a registered Shareholder in respect of shares of the Company which are held on behalf of that person (the “Non-Registered Holder”) but which are registered either (a) in the name of an intermediary (the “Intermediary”) that the Non-Registered Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans), or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”) of the Canadian Securities Administrators, the Company has distributed copies of the Notice of Meeting, this Information Circular and the form of Proxy (collectively referred to as the “Meeting Materials”) to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Very often, Intermediaries will use service companies (such as Broadridge Investor Communication Solutions) to forward the Meeting Materials to Non-Registered Holders. Generally, if you are a Non-Registered Holder and you have not waived the right to receive the Meeting Materials you will either:

- (a) be given a form of **proxy which has already been signed by the Intermediary** (typically by a facsimile stamped signature) which is restricted to the number of shares beneficially owned by you, but which is otherwise not complete. Because the Intermediary has already signed the proxy, this proxy is not required to be signed by you when submitting it. In this case, if you wish to submit a proxy you should otherwise properly complete the executed proxy provided and deposit it with **Computershare Trust Company of Canada**, as provided above; or

- (b) more typically, a Non-Registered Holder will be given a voting instruction form which is not signed by the Intermediary, and which, when properly completed and signed by the Non-Registered Holder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a “proxy”, “proxy authorization form” or “voting instruction form”) which the Intermediary must follow. Typically, the voting instruction form will consist of a one page pre-printed form. Sometimes, instead of the one page printed form, the voting instruction form will consist of a regular printed proxy accompanied by a page of instructions that contains a removable label containing a bar-code and other information. In order for the proxy to validly constitute a voting instruction form, the Non-Registered Holder must remove the label from the instructions and affix it to the proxy, properly complete and sign the proxy **and return it to the Intermediary or its service company (not the Company or Computershare Trust Company of Canada)** in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of these procedures is to permit Non-Registered Holders to direct the voting of the shares that they beneficially own. If you are a Non-Registered Holder and you wish to vote at the Meeting in person as proxyholder for the shares owned by you, you should strike out the names of the management designated proxyholders named in the proxy authorization form or voting instruction form and insert your name in the blank space provided. **In either case, you should carefully follow the instructions of your Intermediary, including when and where the proxy, proxy authorization or voting instruction form is to be delivered.**

The materials with respect to the Meeting are being sent to both registered Shareholders and Non-Registered Holders who have not objected to the Intermediary through which their shares are held disclosing ownership information about themselves to the Company (“NOBOs”). If you are a NOBO, and the Company or its agent has sent these materials to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary on your behalf.

If you are a Non-Registered Holder who has objected to the Intermediary through which your shares are held disclosing ownership information about you to the Company (an “OBO”), you should be aware that the Company does not intend to pay for Intermediaries to forward the materials with respect to the Meeting, including proxies or voting information forms, to OBOs and therefore an OBO will not receive the materials with respect to the Meeting unless that OBO’s Intermediary assumes the cost of delivery.

NOTICE AND ACCESS

In November 2012, the Canadian Securities Administrators announced the adoption of regulatory amendments to securities laws governing the delivery of proxy-related materials by public companies. As a result, public companies are now permitted to advise their shareholders of the availability of all proxy-related materials on an easily accessible website, rather than mailing physical copies of the materials.

This year the Company has decided to deliver the Meeting Materials to Shareholders by posting the Meeting Materials on its website (www.cardero.com). The Meeting Materials will be available on the Company’s website as of May 23, 2018, and will remain on the website for one full year thereafter. The Meeting Materials will also be available on SEDAR at www.sedar.com as of May 23, 2018.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

Other than as disclosed elsewhere in this Information Circular, none of the current directors or executive officers, no proposed nominee for election as a director, none of the persons who have been directors or executive officers since the commencement of the last completed financial year and no associate or affiliate of any of the foregoing persons has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting, with the exception of the ratification and approval of the Company’s stock option plan.

VOTING SHARES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The authorized capital of the Company consists of an unlimited number of common shares without par value (“common shares”) and an unlimited number of preferred shares with a par value of \$0.20 per share. As at May 18, 2018 (the “Record Date”), 58,194,222, common shares and 12,000,000 preferred shares were issued and outstanding. Each of the holders of common shares and preferred shares are entitled to receive notice of, attend and vote at the Meeting.

Only shareholders of record at the close of business on the Record Date, who either personally attend the Meeting or who have completed and delivered a form of proxy in the manner and subject to the provisions described above shall be entitled to vote or to have their common or preferred shares voted at the Meeting.

On a show of hands, every individual who is present as a registered shareholder or as a duly appointed representative of one or more registered corporate shareholders will have one vote, and on a poll every registered shareholder present in person or represented by a validly appointed proxyholder, and every person who is a duly appointed representative of one or more corporate registered shareholders, will have one vote for each common or preferred share registered in the name of the shareholder on the list of shareholders, which is available for inspection during normal business hours at Computershare Investor Services Inc. and will be available at the Meeting. Shareholders represented by proxyholders are not entitled to vote on a show of hands.

The following table sets out, to the knowledge of the directors and executive officers of the Company, based on public information, those persons or companies who beneficially own, directly or indirectly, or exercise control or direction over, shares carrying more than 10% or more of the voting rights attached to all of the issued and outstanding common shares as at the Record Date:

Name and Municipality of Residence	Number and Type of Shares ⁽¹⁾	Percentage of Class of Shares
Robert Kopple, Los Angeles California ⁽²⁾	19,435,109 common shares and 12,000,000 preferred shares	33.40% of the common shares and 100% of the preferred shares ⁽³⁾

Notes:

- (1) Each of the common and preferred shares of the Company entitle the holder thereof to vote at the Meeting on the basis of one vote per common or preferred share held.
- (2) Of which all common shares are controlled directly by Mr. Robert Kopple personally or through E.L. II Properties Trust., a private trust controlled by Mr. Kopple and through Kopple Family Partnership LP., a private entity controlled by Mr. Kopple. In addition to the common and preferred shares noted above, Mr. Kopple holds a further 8,700,000 share purchase warrants exercisable into common shares, all of which are held by E.L.II Properties Trust.
- (3) The preferred shares are convertible into common shares on the basis of one common share for each preferred share held. In the event that all the preferred shares held by Mr. Kopple were converted into common shares (and no other conversions or exercises of securities occurred), Mr. Kopple would hold 44.78% of the common shares of the Company.

Pursuant to the Employment Agreement, Mr. Ross acts as the Company’s President and CEO for base compensation of \$20,000 per month. The Employment Agreement has a one year term expiring on August 15, 2018, subject to renewal for successive one year terms. Oversight and Description of Director and Named Executive Officer Compensation

The Company has a compensation committee and nominating and corporate governance committee. All tasks related to developing and monitoring the Company’s approach to the compensation of executive officers of the Company and to developing and monitor the Company’s approach to the nomination of directors are performed by the members of these committees. The committees meet to discuss and determine management compensation as required, without reference to formal objectives, criteria or analysis.

Compensation Philosophy

The Company has taken a forward looking approach for the compensation for its directors, officers, employees and consultants to ensure that the Company can continue to build and retain a successful and motivated discovery and development team and, importantly, align the Company’s future success with that of Shareholders.

The Company's compensation strategy is to attract and retain talent and experience with focused leadership in the operations, financing and asset management of the Company with the objective of maximizing the value of the Company. The Company compensates its Named Executive Officers based on their skill and experience levels and the existing stage of development of the Company. NEOs are rewarded on the basis of the skill and level of responsibility involved in their position, the individual's experience and qualifications, the Company's resources, industry practice, and regulatory guidelines regarding executive compensation levels.

Under the Company's compensation policies and practices, NEOs and directors are not prevented from purchasing financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the executive officer or director.

The Company has not currently identified specific performance goals or benchmarks as such relate to executive compensation. The stage of the Company's development and the small size of its specialized management team allow frequent communication and constant management decisions in the interest of developing Shareholder value as a primary goal.

The Board of Directors believes that the compensation policies and practices of the Company do not encourage executive officers to take unnecessary or excessive risk; however the Board intends to review from time to time and at least once annually, the risks, if any, associated with the Company's compensation policies and practices at such time. Implicit in the Board of Director's mandate is that the Company's policies and practices respecting compensation, including those applicable to the Company's executives, be designed in a manner which is in the best interests of the Company and Shareholders and risk implications is one of many considerations which are taken into account in such design.

Compensation Components

The Board of Directors has implemented three levels of compensation to align the interests of the Named Executive Officers with those of the Shareholders. First, NEOs may be paid a monthly salary or consulting fee. Second, the Board of Directors may award NEOs long-term incentives in the form of stock options. Finally, and only in special circumstances, the Board of Directors may award cash or share bonuses for exceptional performance that results in a significant increase in Shareholder value. To date, no specific formulas have been developed to assign a specific weighting to each of these components.

Base Salary

The base compensation of the Named Executive Officers is reviewed and set annually by the Board of Directors. The salary review for each NEO is based on an assessment of factors such as:

- current competitive market conditions;
- compensation levels within the peer group; and
- particular skills, such as leadership ability and management effectiveness, experience, responsibility and proven or expected performance of the particular individual.

Using this information, together with budgetary guidelines and other internally generated planning and forecasting tools, the Board performs an annual assessment of the compensation of all executive officer compensation levels and then sets the base salaries or consulting fees of the NEOs.

Annual Incentive Plan

Awards under the Company's annual incentive plan are made by way of cash bonuses, which are based in part on the Company's success in reaching its objectives and in part on individual performance. The Board considers and awards annual incentives.

In determining whether to award any annual incentives, the Board reviews corporate performance objectives during the year. During the last financial year, the principal objectives included:

- exploration success, including the discovery of material mineralization in one or more of the Company's properties;
- acquisition of new properties;
- sales and joint ventures of properties and the formation of strategic alliances;
- capital management;
- maintaining compliance with the regulatory and disclosure framework;
- increasing investor interest in the Company; and
- increasing the Company's market capitalization.

The Board assesses each NEO's performance on the basis of his respective contribution to the achievement of corporate goals as well as to the needs of the Company that arise on a day-to-day basis. There were no annual bonuses paid to the NEOs during the last financial year.

Long-Term Compensation

Long-term compensation is paid to NEOs in the form of stock option grants.

Stock Option Plan

The Company has established a stock option plan (the "Stock Option Plan") to encourage share ownership and entrepreneurship on the part of the directors, senior management, employees and consultants. The Board believes that the Stock Option Plan aligns the interests of Named Executive Officers with the interests of Shareholders by linking a component of executive compensation to the longer term performance of the common shares.

Options are generally granted on an annual basis, subject to the imposition of trading black-out periods, in which case options scheduled for grant will be granted subsequent to the end of the black-out period. All options granted to NEOs are approved by the Board of Directors.

In monitoring stock option grants, the Board takes into account the level of options granted by comparable companies for similar levels of responsibility and considers each NEO based on reports received from management, its own observations on individual performance (where possible) and its assessment of individual contribution to Shareholder value.

In addition to determining the number of options to be granted pursuant to the methodology outlined above, the Board of Directors also makes the following determinations:

- the exercise price for each option granted;
- the date on which each option is granted;
- the vesting terms for each stock option; and
- the other material terms and conditions of each stock option grant.

The Board makes these determinations subject to and in accordance with the provision of the Stock Option Plan

There were no actions, decisions or policies made since October 31, 2017 that would affect a reader's understanding of NEO compensation.

Pension Disclosure

The Issuer does not have any pension or retirement plan which is applicable to the NEOs or directors. The Issuer has not provided compensation, monetary or otherwise, to any person who now or previously has acted as an NEO of the Issuer, in connection with or related to the retirement, termination or resignation

of such person, and the Issuer has provided no compensation to any such person as a result of a change of control of the Issuer.

CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101 *Disclosure of Corporate Governance Practices* ("NI 58-101") of the Canadian Securities Administrators requires the Company to annually disclose certain information regarding its corporate governance practices. That information is disclosed below.

Board of Directors

The Board of Directors has responsibility for the stewardship of the Company including responsibility for strategic planning, identification of the principal risks of the Company's business and implementation of appropriate systems to manage these risks, succession planning (including appointing, training and monitoring senior management), communications with investors and the financial community and the integrity of the Company's internal control and management information systems.

The Board of Directors sets long-term goals and objectives for the Company and formulates the plans and strategies necessary to achieve those objectives and to supervise senior management in their implementation. The Board delegates the responsibility for managing the day-to-day affairs of the Company to senior management but retains a supervisory role in respect of, and ultimate responsibility for, all matters relating to the Company and its business. The Board is responsible for protecting Shareholders' interests and ensuring that the incentives of the Shareholders and of management are aligned.

As part of its ongoing review of business operations, the Board of Directors reviews, as frequently as required, the principal risks inherent in the Company's business including financial risks, through periodic reports from management of such risks, and assesses the systems established to manage those risks. Directly and through the audit committee of the Board, the Board also assesses the integrity of internal control over financial reporting and management information systems.

In addition to those matters that must, by law, be approved by the Board of Directors, the Board is required to approve any material dispositions, acquisitions and investments outside the ordinary course of business, long-term strategy, and organizational development plans. Management of the Company is authorized to act without Board approval, on all ordinary course matters relating to the Company's business.

The Board of Directors also monitors the Company's compliance with timely disclosure obligations and reviews material disclosure documents prior to distribution.

The Board of Directors is responsible for the appointment of senior management and monitoring of their performance.

The Board of Directors has not adopted a written mandate or code setting out the foregoing obligations, since it believes it is adequately governed by the requirements of applicable corporate and securities common and statute law which provide that the Board has responsibility for the stewardship of the Company. That stewardship includes responsibility for strategic planning, identification of the principal risks of the Company's business and implementation of appropriate systems to manage these risks, succession planning (including appointing, training and monitoring senior management), communications with investors and the financial community and the integrity of the Company's internal control and management information systems.

The Board of Directors is currently comprised of five directors, of which three are independent. A director is "independent" if the director has no direct or indirect material relationship with the Company. A "material relationship" is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgement. The independent members of the Board are Keith Henderson, Deepak Malhotra and Robert van Doorn. The non-independent directors are Hendrik van Alphen and Robert Kopple.

The Board facilitates its exercise of independent supervision over the Company's management through frequent meetings of the Board.

The Board does not hold regularly scheduled meetings without the non-independent directors and members of management. Since the beginning of the Company's last financial year, the independent directors did not hold any ad hoc meetings without the non-independent directors and management.

When a matter being considered involves a director, that director does not vote on the matter. As well, the directors regularly and independently confer amongst themselves and thereby keep apprised of all operational and strategic aspects of the Company's business.

At this time, the Board of Directors does not have a Chairman. In the absence of a Chairman and accordance with the articles of the Company, any director of the Company, as selected by the Board of Directors from time to time and in any such manner as they may determine, is responsible for presiding over meetings of the directors. In the absence of a Chairman, meetings of the Company's Shareholders will be presided upon by the Company's Chief Executive Officer. The Company has determined that this is appropriate as the independent directors either have significant experience as directors and officers of publicly traded companies or as members of the financial investment community and therefore, do not require the guidance of an independent Chairman of the Board in exercising their duties as directors.

Other Directorships

The following table sets out the directors of the Company who are directors of other reporting issuers:

Name of Director	Name of other Reporting Issuer
Hendrik van Alphen	Blackrock Gold Corp. Centenera Mining Corporation Ethos Gold Corp. Jagercor Energy Corp. Wealth Minerals Ltd.

Name of Director	Name of other Reporting Issuer
Keith Henderson	Centenera Mining Corporation Velocity Minerals Ltd. Pacific Empire Minerals Corp.
Robert van Doorn	Trimetals Mining Inc.
Robert Kopple	Jagercor Energy Corp. Centenera Mining Corporation
Deepak Malhotra	Canarc Resource Corp. Blackrock Gold Corp.

Orientation and Continuing Education

While the Company does not have formal orientation and training programs, new Board members are provided with:

1. Information respecting the functioning of the Board of Directors, committees and copies of the Company's corporate governance policies;
2. Access to recent and historical, publicly filed documents of the Company, management reports and the Company's internal financial information; and
3. Access to management, technical experts and consultants.

Board members are encouraged to communicate with management, auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with management's assistance and to attend related industry seminars and visit the Company's operations. Board members have full access to the Company's records.

Ethical Business Conduct

The Board of Directors has not adopted a formal code of business conduct and ethics. The Board is of the view that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Nomination of Directors

The Board does not have a nominating committee, and these functions are currently performed by the Board as a whole. The Board is responsible for identifying individuals qualified to become new Board members and recommending to the Board new director nominees for the next annual meeting of the shareholders. The appointment of new directors (either to fill vacancies or to add additional directors as permitted by applicable corporate legislation) or the nomination for election as a director of a person not currently a director by the shareholders at an annual general meeting is carried out by the Board. Once the names of any suggested nominees are provided to the Board, it then carries out such reviews as it determines to be appropriate (which may include interviews with the proposed nominee) to determine if the proposed nominee is an appropriate "fit" for election to the Board. In addition, prior to each AGM, the Board carries out a review of the then current board composition and makes recommendations as to the individuals (whether existing directors or non-directors) it considers should be nominated for election as a director at the upcoming AGM.

Assessments

The Board of Directors has not established a formal process to regularly assess the Board and the Audit Committee with respect to their effectiveness and contributions. Nevertheless, their effectiveness is subjectively measured on an ongoing basis by each director based on their assessment of the performance of the Board, the Audit Committee or the individual directors compared to their expectation of performance. In doing so, the contributions of an individual director are informally monitored by the

other Board members, bearing in mind the business strengths of the individual and the purpose of originally nominating the individual to the Board.

General Compensation Strategy

The executive officers of the Company are compensated in a manner consistent with their respective contributions to the overall benefit of the Company, and in line with the criteria set out below.

At the present time, executive compensation at the Company is based on a subjective analysis by the members of the CC of information available to them regarding compensation in the junior mineral exploration industry in general, together with their own experience as directors of mineral resource exploration companies, and the CC has not formulated any specific or objective performance benchmarks or goals with respect to determining executive compensation. Pursuant to the employment agreements in place for a number of executive officers, the CC is to consider, on a yearly basis and within 120 days of each fiscal year end, the performance of the executive officers during the relevant fiscal year, the rate of inflation, the performance of the Company and of its common shares, the services anticipated to be provided by the executive officers over the next fiscal year, the comparable salaries for such positions in the then current marketplace in which the Company operates, the existing and projected financial status of the Company and any other factors it determines to be relevant. In the case of a mineral exploration company such as the Company, the ability to determine and carry out generative programs based on new geological theories or concepts in previously unexplored areas, the ability to source and secure promising mineral properties and to successfully negotiate for the option, joint venture or sale, when appropriate, of the Company's interest in its mineral properties, the ability to plan and carry out appropriate exploration and development activities on the Company's mineral properties and raise the necessary capital to carry out such activities and otherwise maintain the Company's ongoing activities, the ability to ensure compliance by the Company with applicable regulatory requirements and the ability to carry on business in an ethical and sustainable manner, are considered by the CC to be of primary importance in assessing the performance of its executive officers.

The foregoing criteria are used to subjectively assess the appropriate compensation level for the CEO and other executive officers.

Majority Voting Policy

On March 22, 2013, the Board adopted a majority voting policy. Pursuant to the majority voting policy, the form of proxy for meetings of the shareholders of the Company at which directors are to be elected provide the option of voting in favour, or withholding from voting, for each individual nominee to the Board. If, with respect to any particular nominee, the number of shares withheld from voting exceeds the number of shares voted in favour of the nominee, then the nominee will be considered to have not received the support of the shareholders, and such nominee is expected to submit his or her resignation to the Board, to take effect on acceptance by the Board. The CGNC will review any such resignation and make a recommendation to the Board regarding whether or not such resignation should be accepted. The Board will determine whether to accept the resignation within 90 days following the shareholders' meeting. If the resignation is accepted, subject to any corporate law restrictions, the Board may:

- (a) leave the resultant vacancy in the Board unfilled until the next annual meeting of shareholders of the Company;
- (b) fill the vacancy by appointing a director whom the Board considers to merit the confidence of the shareholders; or
- (c) call a special meeting of the shareholders of the Company to consider the election of a nominee recommended by the Board to fill the vacant position.

Directors who do not submit their resignation in accordance with the majority voting policy will not be re-nominated for election at the next shareholders' meeting. The majority voting policy applies only in

the case of an uncontested shareholders' meeting, meaning a meeting where the number of nominees for election as directors is equal to the number of directors to be elected.

Other Board Committees

Committees of the Board are an integral part of the Company's governance structure. At the present time, the Board has the following standing committees: Audit Committee and Compensation Committee.

Disclosure with respect to the Audit Committee, as required by NI 52-110, contained in Schedule "A" attached. Details of the composition and function of the remaining standing committees of the Board are as follows:

Compensation Committee

Hendrik van Alphen (Chair)
Keith Henderson
Robert Kopple

The Board has established a Compensation Committee ("CC"), and has adopted a written charter for the CC, effective December 16, 2004. The members of the CC are Hendrik van Alphen, Keith Henderson and Robert Kopple. Keith Henderson is an independent director. All of these individuals have been previously, and are concurrently, involved with compensation matters at other companies, both public and private, of which they are directors. The overall purpose of the CC is to implement and oversee human resources and compensation policies and best practices for recommendation to the Board for approval and implementation. The responsibilities of the Compensation Committee generally include: (1) recommending human resources and compensation policies to the Board for approval and thereafter implementing such policies; (2) ensuring the Company has programs in place to attract and develop management of the highest calibre and a process to provide for the orderly succession of management; (3) assessing and reporting to the Board on the performance of the CEO; (4) reviewing the compensation of the CEO and other officers and members of the Board and making recommendations in respect thereof to the Board; (5) reviewing and approving any proposed amendments to the Company's incentive stock options plan; and (6) making recommendations to the Board concerning stock option grants.

There is no written position description for the Chair of the CC. However, as a general statement, the Chair is responsible for setting the tone for the work of the CC, ensuring that members have the information needed to do their jobs, overseeing the logistics of the CC's operations, reporting to the Board on the CC's decisions and recommendations and setting the agenda for the meetings of the CC.

The CC is responsible for assisting the Board in monitoring, reviewing and approving compensation policies and practises of the Company and its subsidiaries and administering the Company's 2012 Incentive Stock Option Plan. With regard to the CEO, the CC is responsible for reviewing and approving corporate goals and objectives relevant to the CEO's compensation, evaluating the CEO's performance in light of those goals and objectives and making recommendations to the Board with respect to the CEO's compensation level based on this evaluation. In consultation with the CEO, the CC makes recommendations to the Board on the framework of executive remuneration and its cost and on specific remuneration packages for each of the directors and officers other than the CEO, including recommendations regarding awards under equity compensation plans. The CC also reviews executive compensation disclosure before the Company publicly discloses the information. The CC's decisions are typically reflected in consent resolutions.

The CC has the authority to engage and compensate, at the expense of the Company, any outside advisor that it determines to be necessary to permit it to carry out its duties (including compensation consultants and advisers), but it did not retain any such outside consultants or advisers during the financial year ended October 31, 2017.

AUDIT COMMITTEE

National Instrument 52-110 *Audit Committees* (“NI 52-110”) of the Canadian Securities Administrators requires the Company’s Audit Committee to meet certain requirements. It also requires the Company to disclose in this Information Circular certain information regarding the Audit Committee. That information is disclosed below.

Overview

The primary function of the Audit Committee of the Board (the “Audit Committee”) is to assist the Board of Directors in fulfilling its financial oversight responsibilities by (i) reviewing the financial reports and other financial information provided by the Company to regulatory authorities and Shareholders; (ii) reviewing the systems for internal corporate controls which have been established by the Board and management; and (iii) overseeing the Company’s financial reporting processes generally. In meeting these responsibilities, the Audit Committee monitors the financial reporting process and internal control system; reviews and appraises the work of external auditors and provides an avenue of communication between the external auditors, senior management and the Board of Directors. The Audit Committee is also mandated to review and approve all material related party transactions.

Composition of the Audit Committee

Unless it is a “venture issuer” (an issuer, the securities of which are not listed or quoted on any of the Toronto Stock Exchange, a market in the USA other than the over-the-counter market, or a market outside of Canada and the USA) as of the end of its last financial year, NI 52-110 requires each of the members of the Audit Committee to be independent and financially literate. Since the Company is a “venture issuer” (its securities are listed on the TSX-V, but are not listed or quoted on any other exchange or market) it is exempt from this requirement. In addition, the Company’s governing corporate legislation requires the Company to have an audit committee composed of a minimum of three (3) directors, a majority of whom are not officers or employees of the Company or an affiliate of the Company. The Audit Committee complies with this requirement.

The Audit Committee is currently comprised of the following members: Robert van Doorn (Chairman), Robert Kopple and Deepak Malhotra. Each member of the Committee is considered to be “financially literate” as defined by NI 52-110 in that he has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can presumably be expected to be raised by the Company’s financial statements. Robert van Doorn and Deepak Malhotra of the Audit Committee are considered independent. To be considered to be independent, a member of the Audit Committee must not have any direct or indirect “material relationship” with the Company. A material relationship is a relationship which could, in the view of the Board reasonably interfere with the exercise of a member’s independent judgment.

The current members of the Audit Committee are elected by the Board of Directors at its first meeting following the annual Shareholders’ meeting. Unless a Chairman is elected by the full Board, the members of the Committee designate a Chairman by a majority vote of the full Committee membership.

Relevant Education and Experience

Robert Van Doorn: Robert Van Doorn is a consultant to the mining industry with over 20 years of experience in the mineral resource business. From 2005 to 2009, Mr. Van Doorn was the President and CEO of Mundoro Mining Inc., a public company involved with the development of the Maoling Gold project in China and from 2003 to 2004 he was the Executive Vice-President of Rio Narcea Gold Mines Ltd., a public company with projects in Spain, Portugal and Mauritanea.
